## OUR SERVICES

### 古 CHINESE TUI-NA MASSAGE (DEEP TISSUE MASSAGE)

Tui-Na (pronounced 'twee-nah') massage is a complete healing system, like acupuncture and Chinese herbal medicine. These three forms of therapy are the main components of Traditional Chinese Medicine (TCM). Practiced for centuries, Tui-Na continues to grow in popularity. Tui-Na techniques and details of its successful uses in treating a range of health problems documented in a vast treatise - The Yellow Emperor's Classics of Internal Medicine written about 2500 years ago.

*Our Tui-Na specialist will help you to feel like new again.*

### 古 CHINESE ACUPRESSURE HEAD MASSAGE: (INTENSE MASSAGE)

The ancient Chinese healers were very well aware that good blood circulation of the brain is the key to its optimal function. As one of the most efficient and safest ways to optimize the circulation of the brain, a head massage normalizes the nervous system, and as result, produces improved functioning of all internal organs and systems. In addition to the undoubted health benefits, a Chinese head massage is a powerful method of giving positive energy, improving memory, and clearing the mind from the effects of stress!

*This massage will improve your well-being and get rid of your headaches or migraines.*

### 古 STANDARD MASSAGE: (MORE LIGHTER MASSAGE)

A standard has been shown to aid relaxation and improve well-being. This gives you extra energy that can be used to help support the body’s systems in difficult times. This is accomplished by rubbing the muscles with long gliding strokes in the direction of blood returning to the heart. But a standard massage therapy goes beyond relaxation.

*We can localize & focus on your issues and treat them.*

### 古 THAI MASSAGE YOGA: (INTENSE MASSAGE)

Thai massage is an ancient form of healing that combines the concepts of yoga and Chinese energetic practices. About 2,500 years ago, Buddhism spread from India to Thailand. Along with this increasingly popular spiritual practice came a form of healing that had taken root in the community of Buddhists. When these new ideas reached the shores of Thailand, they mixed with the Chinese concept of the energetic body that was already being practiced. Combined, they have evolved to what is currently known as Ancient Thai Massage.

*Our Thai massages will be carefully conducted by our certified staff.*
